

A club run entirely by volunteers who love skiing

Health and Safety Policy Statement

It is the policy of North Staffs Ski Club to provide a safe environment for volunteers, members and visitors.

The club will:

- ensure that there is safe access and egress to/from the ski centre
- provide safe, well maintained equipment and facilities that are without risk to health
- ensure that the use, handling, storage and transport of any hazardous substances is safe and without risk to health
- maintain high standards of housekeeping, cleanliness, disposal of rubbish and the stacking of equipment in suitable places
- ensure that all activities have been assessed to identify the risks and determine appropriate controls
- provide information, instruction and training to ensure that activities take place safely and to raise awareness of health and safety issues amongst all members and volunteers
- review this policy at least annually
