## Newsletter June 2007

### YOUR CLUB NEEDS YOU!

#### Wednesday nights from 7pm

During the closed period from 1<sup>st</sup> July to 1st September members are required to help with jobs which need doing. You don't have to have specific skills as there are many uncomplicated jobs which need just a willing pair of hands. At the same time there are jobs which do need specific skills where your expertise would be valued. The more people the better then we can all enjoy the summer and have a club which runs smoothly next season. Have a look at the list below, there must be something you can help with for a couple of hours.

#### Jobs to be done

Washing boots and skis • Hedge cutting • Grass strimming • Weed killing • Mat cleaning • Spray nozzle cleaning • Cutting back trees • Removal of old fencing • Anti vandal painting • Tow maintenance needing electricians and engineers •

**Snow Finder Guides** – we have received the attached info with an offer for club members.

Snow-finder guides are the unique, pocket sized guide books measuring just 8cm x 12cm that easily fit into your ski jacket pocket. The books have content written by top Skiers & Snowboarders such as Martin & Graham Bell, Alan Baxter, Luc Alphand, Darron Rhaves and Glenn Plake. There are now three books in the series:- France, Austria & USA (the last two being available in October 2007). These guides give in depth reviews of every piste in each resort making understanding the piste map easier and making sure you don't experience any nasty surprises halfway down the mountain. These books usually retail at £12.95, however, we are giving Kidsgrove Ski Club members a special price of just £10.
